LUIZ BENEVIDES

Software Developer | B.S. in Information Systems Student

Corumbá, MS — Brazil (Available for Remote) • luixbenevides@gmail.com • linkedin.com/in/luiz-felipe-quevedo-benevides • github.com/BenevidesLuiz

PROFESSIONAL SUMMARY

Information Systems student at UFMS with a vocational IT degree from IFMS, focused on back-end software engineering and reliable architectures. Hands-on experience developing and maintaining a Java desktop clinical system, delivering table UI refactoring, robust form validations, and data auditability. Strong problem-solving mindset and committed to continuous technical development.

PROFESSIONAL EXPERIENCE

Software Development Intern March 2025 – April 2026

UFMS Psychology Clinic — Corumbá, MS, Brazil (Remote)

- Maintained and enhanced a Java desktop application used for psychological records and patient workflow management.
- Refactored UI table components for improved data rendering and engineered robust input validations with clear error handling.
- Implemented logical deletion (soft delete) to ensure clinical history auditability and configured role-based group search filters.

Technical Support & Helpdesk September 2023 – November 2023

Embrapa — Information Technology Center (NTI) — Corumbá, MS, Brazil (On-site)

- Delivered Tier-1 helpdesk support to institutional staff and assisted the core IT infrastructure team.
- Assisted in preventive and corrective computer maintenance, workstation diagnostics, and UPS power supply upkeep.

EDUCATION

Bachelor of Science in Information Systems (B.S.) Expected Graduation: 2027

Federal University of Mato Grosso do Sul (UFMS)

Associate Degree in Information Technology 2021 – 2023

Federal Institute of Mato Grosso do Sul (IFMS)

TECHNICAL SKILLS

Languages:	Java, C#, JavaScript, PHP
Databases:	MySQL, SQLite
Tools & Version Control:	Git, GitHub
Engines & Frameworks:	JavaFX, Swing, Unity, GameMaker, Laravel

SELECTED PROJECTS

MusicPlayer (Desktop Media Player) Java (JDK 25), Swing, JavaFX, yt-dlp, ffmpeg

- Engineered a desktop multimedia player supporting .mp3/.mp4 playback, dynamic artwork rendering, and custom controls.
- Integrated external CLI utilities (yt-dlp and ffmpeg) for automated media download and conversion. (Collaborative project).

Psychology Clinic Management System Java, Relational Database, Swing

- Institutional desktop system for medical records, access control levels, and Brazilian healthcare data privacy (LGPD) compliance.

The Shadow Keep & Gravenfal Unity, C#, Object-Oriented Programming

- Programmed player movement mechanics, state machines, combat loops, and modular game architectures in C#.
